Restrictions may also be imposed by the trading conditions of the Trading Platform that the User selected for trading.

8.2 The User acknowledges that the Platform has access to information about the demo trades that the User performs on the Trading Platform. or other harm as a result of the User's activities (e.g., overleveraging, overexposure, one-sided bets, account rolling).

9.2 The User agrees that all the Challenges are for the User's personal use only, meaning that only the User may access the User's account and perform demo trades. For that reason, the User agrees not to:

The User acknowledges that the Platform may exercise any and all actions in clauses 10.4 and 10.5 at its own discretion.

9.6 If any User's accounts were used for or were involved in the Prohibited Trading Practices, this may constitute a breach of respective terms and conditions for user accounts with a third-party provider and may result in cancellation of all such user accounts and termination of respective agreements by a third-party provider.

9.7 If the User engages in any of the practices described in clause 10.1 repeatedly, and the Platform has previously notified the User thereof, the Platform may prevent the User from accessing all Services or their parts, including access to the User Section and the Trading Platform, without any compensation. 10.7 If any provision of the Terms is found to be invalid or ineffective, it shall be replaced by a provision whose meaning is as close as possible to the invalid provision. The invalidity or ineffectiveness of one provision shall not affect the validity of the other provisions.
